

TABLE OF CONTENTS

Advanced MSK Ultrasound of the Hip & Thigh eLearning

CHAPTER	LECTURE	TIMING
Ventral hip joint	Hip joint sonopathology: effusions	0:06:40
	Hip joint sonopathology: labrum	0:05:14
	Hip joint sonopathology: femoroacetabular impingement	0:10:34
	Hip joint sonopathology: microinstability	0:04:52
	Hip joint sonopathology: total hip	0:13:48
	Hip joint sonopathology: fractures	0:02:19
Ventral hip muscles	Ventral hip muscle anatomy	0:05:02
	Iliacus Iliopsoas sonoanatomy	0:03:02
	Iliocapsularis sonoanatomy	0:02:54
	Rectus femoris indirect tendon sonoanatomy	0:03:36
	Iliacus scanning - transverse	0:02:30
	Iliopsoas insertion scanning - longitudinal	0:01:52
	Iliocapsularis scanning - transverse & longitudinal	0:01:54
	Rectus femoris indirect tendon scanning - longitudinal & transverse	0:02:04
	Ventral hip muscle sonopathology	0:07:42
Adductor tendon /abdominal muscles	Pubic symphysis anatomy	0:03:41
	Pubic symphysis sonoanatomy	0:02:52
	Pubic symphysis scanning - longitudinal	0:01:49
Groin	Groin pain: general concept	0:04:03
	Pubic related groin pain: sonopathology	0:05:32
	Adductor related groin pain: sonopathology	0:05:08
	Inguinal related groin pain: general concept	0:07:26
	Inguinal related groin pain sonoanatomy	0:05:02
	Inguinal related groin pain: sonopathology	0:04:54
Nerve	Lateral femoral cutaneous nerve anatomy	0:03:02
	Lateral femoral cutaneous nerve sonoanatomy	0:02:32
	Lateral femoral cutaneous nerve scanning - transverse	0:01:49
Trochanter region	Gluteus minimus anatomy	0:03:48
	Gluteus minimus sonoanatomy	0:04:18
	Gluteus minimus scanning - transverse & longitudinal	0:03:42
	Gluteus medius anatomy	0:06:04
	Gluteus medius sonoanatomy	0:05:28
	Gluteus medius scanning - transverse & longitudinal	0:04:04
	Iliotibial band anatomy & sonoanatomy	0:02:50

	Iliotibial band scanning - transverse & longitudinal	0:02:10
	Trochanteric pain in general	0:08:40
	Gluteal tendons: sonopathology	0:09:12
Dorsal hip joint	Dorsal hip joint anatomy sonoanatomy	0:03:01
	Dorsal hip joint scanning - longitudinal & transverse	0:02:16
External rotator muscles and sciatic nerve	External rotator muscle anatomy	0:05:14
	External rotator muscle sonoanatomy	0:06:50
	Piriformis scanning - longitudinal & transverse	0:02:10
	Superior gemellus scanning - longitudinal & transverse	0:01:47
	Obturator internus scanning - longitudinal & transverse	0:01:43
	Inferior gemellus scanning - longitudinal & transverse	0:01:26
	Quadratus femoris scanning - longitudinal & transverse	0:02:26
	External rotator muscle sonopathology	0:03:48
Hamstring origin	Hamstring origin anatomy	0:02:58
	Hamstring origin sonoanatomy	0:03:44
	Hamstring origin scanning - transverse	0:04:14
	Hamstring origin scanning - longitudinal	0:01:39
	Hamstring origin sonopathology	0:06:02
Quadriceps muscles	Muscle injury: general concept	0:09:14
	Quadriceps muscle anatomy	0:04:30
	Quadriceps muscle sonoanatomy	0:06:38
	Quadriceps scanning - transverse & longitudinal	0:05:58
	Quadriceps sonopathology	0:05:50
Hamstring muscles	Hamstring muscle anatomy	0:05:32
	Hamstring muscle sonoanatomy	0:07:14
	Hamstring scanning - transverse & longitudinal	0:06:33
	Hamstrings functional scanning	0:01:57
	Hamstring sonopathology	0:07:07
Sciatic nerve	Sciatic nerve anatomy	0:02:04
	Sciatic nerve sonoanatomy	0:02:18
	Sciatic nerve scanning - transverse & longitudinal	0:02:44
	Sciatic nerve sonopathology	0:03:00
	Total time	4:52:06
